RETAIL READY
DISPLAY PACKS**

Features:

- Free form optics
- High reliability design
- Innovative end clip upgrades
- Easy customising for specific applications
- Fully ADR compliant

Description:

The CRL220LED series is a multifunction rear combination lamp featuring advanced LED optical free form reflector technology to achieve a highly styled robust lamp that can be customised to match modern vehicle and trailer designs. The CRL220LED series is made for heavy duty use and includes a high impact polycarbonate lens and strong ABS Base. ADR compliant for stop, rear position, direction indicator and reverse in a single compact package, the CRL220 series uses smart clip end covers which offer upgradable options. This feature allows for custom options including coloured end clips, integration clips two combine two or three lamps as one and end reflectors for a fully compliant rear lighting solution. Suited to OEM and commercial applications
