

PRODUCT DATA SHEET SM50 MARKER SERIES

Features:

- All in one compliant marker / reflector solution
- Streamlined design to match modern vehicles
- Secure Smart Clip™ mounting
- Optional integral superseal connector
- Fully ADR compliant

Description:

50 Series LED marker lamps feature a slimline design with integrated reflectors providing a single package solution for forward, side and rear marker / reflex reflector functions. The low profile design allows for streamlined flush fitting that contours with modern vehicle styling. An innovative mounting system uses Smart Clip™ module and base design for secure fitting. Suited to OE and commercial applications. Integrated super-seal connector options also available.
