

## PRODUCT DATA SHEET

### 12 PIN ADAPTERS

#### Features:

- 7 to 12 pin trailer adapter range
- Easy solution for connecting caravans to vehicles
- High quality connectors
- Flexible, durable design

#### Description:

Whitevisions 12 to 7 Pin adapter range provide an easy solution to connecting vehicles and trailers or caravans when there is either a 12 pin and 7 pin plug on each. Connections are wired straight through 7 pin to 7 pin catering for the common lighting and auxiliary circuits. The range includes the 7 pin plug to 12 pin socket adapter for when the vehicle only has a 7 pin socket installed. Additionally a 12 pin plug to 7 pin socket adapter is available for when the vehicle has a 12 pin socket, however the trailer or caravan has only a 7 pin flat plug. This makes the connection much more secure and reliable.

#### Parts List
