

PRODUCT DATA SHEET CRL455 HALOTRACK™ COMBINATION SERIES

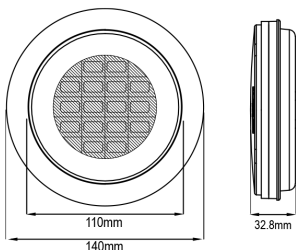

Features:

- Safely enhancing true edge lit HaloTrack™ technology
- Rubber mount for high reliability
- High-tech visual appearance
- Retrofits similar style lamps
- ADR & CRN Approved

Description:

Introducing the latest innovation in safer smarter vehicle lighting, the all new HaloTrack™ series from Whitevision. HaloTrack™ is true-edge illumination technology enhancing safety by lighting right to the outer edges of the lamp. The diffused optics of the HaloTrack™ series makes it easier for the eyes to see, adjust and recognise signal lighting. HaloTrack™ technology additionally offers a high-tech design appearance that matches and enhances modern vehicle, trailer or caravans. Built to Whitevision's highest quality standards, the HaloTrack™ series is suited to both heavy and light transport applications. Ensure you have a true edge on your vehicle lighting with HaloTrack™
