

## PRODUCT DATA SHEET SM60 MARKER SERIES

### Features:

- Heavy duty marker solution
- Intelligent optics for maximum safety and compliance
- Secure Smart Clip™ mounting
- Optional integral super-seal connector
- Fully ADR compliant

### Description:

SM60 Series LED lamps are a versatile heavy duty marker designed for performance and reliability. The SM60 series provides a complete styled marker solution for forward, side and rear marker / repeater functions and feature intelligent angled optics providing maximum safety and compliance while matching modern vehicle style. The low profile and compact design allows for a wide range of fitting applications where space is limited. An innovative mounting system uses Smart Clip™ module and base design for secure fitting. Suited to OE and commercial applications. Integrated superseal connector options also available.
