

PRODUCT DATA SHEET WR101 REFLECTOR SERIES

Features:

- High grade optic prisms
- Ultrasonic welded base
- High impact lens
- Self adhesive tape
- Fully ADR compliant

Description:

WR101 Series reflex reflectors are constructed from high quality optic prisms resulting in a highly reflective lens for maximum compliance and safety. The WR101 series is a larger size reflex reflector for larger vehicles where maximum reflective surface area is required for compliance and safety. These units feature a high impact PMMA lens and ultrasonically welded base with high grade adhesive for quick, easy and secure fitting.
