

PRODUCT DATA SHEET WR106 REFLECTOR SERIES

Features:

- High grade optic prisms
- Ultrasonic welded base
- High impact lens
- Self adhesive tape
- Fully ADR compliant

Description:

WR106 Series reflex reflectors are constructed from high quality optic prisms resulting in a highly reflective lens for maximum compliance and safety. The WR106 series feature low profile dimensions while remaining fully compliant for front, side and rear applications providing a durable and versatile reflex reflector package. These units feature a high impact PMMA lens and ultrasonically welded base with high grade adhesive for quick, easy and secure fitting.
