

PRODUCT DATA SHEET WR121 REFLECTOR SERIES

Features:

- High grade optic prisms
- Ultrasonic welded base
- High impact lens
- Screw mount base
- Fully ADR compliant

Description:

WR121 Series reflex reflectors are constructed from high quality optic prisms resulting in a highly reflective lens for maximum compliance and safety. The WR121 series feature low profile dimensions while remaining fully compliant for front, side and rear applications providing a durable and versatile reflex reflector package. These units feature a high impact PMMA lens and ultrasonically welded screw mount base for easy and secure fitting.
